Interagency Agreement (IAG) Deliverable Documents to be Forwarded to the Natural Resource Trustees

J. M. Kersh, Associate General Manager  
Environmental Restoration and Waste Management  
EG&G Rocky Flats, Inc.

Please be advised that all Rocky Flats Interagency Agreement (IAG) deliverable documents must be forwarded to the natural resource trustees under CERCLA for review and comment concurrently with EPA and CDH. Section 104(b)(2) of CERCLA and Section 300.135(j) of the National Contingency Plan require coordination of response activities with both state and federal natural resource trustees. Coordination includes assessments, investigations and planning. The natural resource trustees will be expected to adhere to the required document review and comment periods specified by the IAG between the U.S. Department of Energy, U.S. Environmental Protection Agency and the Colorado Department of Health which was signed on January 22, 1991.

Note that those IAG deliverable documents where final drafts have been or soon will be approved by EPA and CDH will not undergo modification as a result of trustee comments. However, a mechanism will be developed in the near future to address trustee comments on these particular IAG deliverable documents. Also, for those documents where final drafts or finals exist, it will not be necessary to forward the draft versions.

Table No. 1 (attached) includes the trustees, their addresses, phone numbers, natural resource responsibility and the number of IAG deliverable documents that are to be forwarded.

Table No. 2 (attached) includes a list of RFP documents to be delivered to the Natural Resource Trustees.

We request that all past and current IAG deliverable documents except draft documents be printed, a document list prepared, and draft transmittal letters prepared. Once the transmittal letters are finalized, EG&G will be responsible for delivery to the Natural Resource Trustees. We request that this task be completed by February 28, 1992. Incremental delivery of documents to the trustees will be acceptable.

## TABLE 2

### RFP DOCUMENTS TO BE DELIVERED TO NATURAL RESOURCE TRUSTEES

#### OPERABLE UNIT NO. 1

Final Phase III RFI/RI Work Plan \*  
Health and Safety Plan \*  
Quality Assurance Addendum \*  
Final IM/IRA Decision Document  
Environmental Assessment for 881 Hillside (High Priority Sites) Interim Remedial Action  
IM/IRA Implementation Document  
Final Phase I RI Report  
Final Phase II RI Report

#### OPERABLE UNIT NO. 2

Final Phase II RFI/RI Work Plan (Alluvial and Bedrock) \*  
Health and Safety Plan \*  
Quality Assurance Addendum (Alluvial and Bedrock) \*  
Technical Memorandum 1, Final Phase II RFI/RI Work Plan (Alluvial), 903 Pad, Mound and East Trenches  
Areas, OU2  
Final Responsiveness Summary and Final IM/IRA/EA Decision Document - South Walnut Creek  
Draft Proposed Surface Water IM/IRA/EA and Decision Document - Woman Creek Basin  
Final Phase I RI Report

#### OPERABLE UNIT NO. 3

Final Past Remedy Report - IHSS 199  
Final Historical Information and Preliminary Health Risk Assessment Report - IHSSs 200-202

#### OPERABLE UNIT NO. 4

Draft IM/IRA Decision Document

#### SITE-WIDE ACTIVITIES

Background Geochemical Characterization Report (December 21, 1990)  
Final Community Relations Plan  
Community Relations Plan Responsiveness Summary  
Final Plan for the Prevention of Contaminant Dispersion  
Responsiveness Summary on Plan for Prevention of Contaminant Dispersion  
Work Plan for Discharge Limits for Radionuclides  
Final Quality Assurance Project Plan \*

Final Standard Operating Procedures

Volume 1 - Field Operations \*

Volume 2 - Groundwater \*

Volume 3 - Geotechnical \*

Volume 4 - Surface Water \*

Volume 5 - Ecology \*

Volume 6 - Air \*

Addendum for OU2 Phase II RFI/RI Work Plan

Addendum for OU1 Phase III RFI/RI Work Plan

Treatability Study Plan

Geologic Characterization Report including Appendices A through G (July 31, 1991)

1989 Surface Water and Sediment Geochemical Characterization Report (February 22, 1991)

Annual RCRA Groundwater Monitoring Report for Regulated Units at Rocky Flats Plant (March 1, 1991)

\* Control Documents

Note: Control copies need to be sent to the trustees for those documents where control copies exist.
